

E PLUS

A water-dispersible electrolyte and trace element nutritional supplement

E PLUS CONTAINS: Potassium Chloride, Sodium Chloride, Sodium Bicarbonate, Calcium Gluconate, Ethylenediamine dihydroiodide, Sulfate forms of Magnesium, Zinc, Copper, and Cobalt.

- Color and Texture: Light green, fine, granular powder.
- Packaging: 50 lb. bulk pail or 75x8 (0.25 kg) oz packets per pail
- Solubility: Excellent
- Indications: To stimulate water consumption, maintain balance of body fluids.
- Suggested Uses: Scours, before and after transportation, temperature extremes, to aid in alleviating stress due to vaccination, castrating, and dehorning.
- Mixing Directions: Mix 8 ounces (0.25 kgs) per 128 gallons (475 liters) of water. For water proportioners delivering 1 ounce of stock solution per gallon of drinking water, mix 8 ounces per gallon. In feed, use 35 to 44 ounces (1.1 to 1.3 kgs) per MT. Prepare fresh solutions daily.
- Consumption Guide: 8 ounces (.25 kgs) will treat the following numbers of poultry and livestock daily
